## Wydział Zarządzania

### Recommendation

The Faculty of Management of the AGH University of Science and Technology in Kraków, Poland has been cooperating with the Institute of Economics and Management (IFNTUNG) since 2011, during which time more than 100 students of the institute had the opportunity to study at AGH under the double degree program at the second (master's) level of higher education in "Enterprise Management" specialty. The first graduation of students majoring in "Management" took place in 2012.

Today, according to the Agreement, which was signed on August 31, 2020, students of specialty 073 "Management" of the OPP "Management and Administration" and OPP "Project Management" are studying at AGH in the field of "Enterprise Management".

The educational components of the "Management and Administration" OPP and the "Project Management" OPP are integrated with the disciplines taught to students during their studies at AGH.

Students of the specialty 073 Management of the OPP "Management and Administration" and OPP "Project Management" studying under the double diploma program meet the professional requirements, showing their knowledge while writing and performing various practical tasks, and defending the master's thesis.
