SUMMER TOUR

To whom it may concern!

I am writing to recommend **DIANA SAMOILENKO**. She worked at a Summer Tour – official DMC partner of Join Up! Tour operator in Antalya, Turkey, rom April 18th, 2023 to September 29th, 2023, as a seasonal worker in a transfer guide position.

As an employee, Diana always was diligent, confident, and communicative and we saw her great desire to work and develop in tourism from the first days of the internship, she constantly learned during the season and took on the experience of her seniors. For the most part, she is friendly, smiling, and polite with guests and colleagues. During work, she showed leadership qualities and was a good transferman, always came to help, and we were satisfied with her work.

During the season, we didn't have any problems with her discipline, which is very important in our work, we didn't see any negatives in her work. She was also respected by the management and colleagues and received favorable reviews from company guests.

In conclusion, I can say that Diana is a good person, she really learns quickly, faithfully fulfills the tasks assigned to her and shows interest in tourism. We saw that the internship in our company benefited her and she has prospects in tourism and we would like to cooperate with her in the future.
